Sir:

Upon further thought it seems desirable that the Department should modify its order for a shipment of a million Std. Dollars on Fridays. If the Treasurer will consent to our shipment of $600,000 per day for five days in the week, Saturday will find the Dept. in possession of the same amount, namely - $3,000,000.

Reasons: The handling of thirty tons of silver is not a light matter with men taken from the operative departments already having done three fourths of a day's work. Again, the current business of the Cashier's Office must be hurried on to allow of the detention of the Cashier for so long a time as it requires to handle a million of silver. The work ought to be brought within an hour. I would respectfully suggest that you ask the Treasurer U.S. to accept $600,000 daily, and revoke the order for a million on Fridays.
